**IMPLEMENTATION OF E-GOVERNANCE**

**ANNUAL REPORT 2018-2019**

**15/5/2019**

Sri Muthukumaran Medical College Hospital and Research Institute has developed an E-Governance policy with the primary aim of integrating E-Governance into various interactions and services provided by the institution. During the academic year 2018-2019, the institution effectively employed software and tools to enhance data entry and record maintenance processes across multiple operational domains.

**ADMINISTRATION:**

A computerized system was developed and implemented for the proper collection, storage, and maintenance of data related to planning and development within the institution. Biometric attendance systems were deployed for faculty and staff members to ensure accurate attendance tracking. The campus is equipped with CCTV cameras for comprehensive monitoring and high-speed WiFi connectivity throughout.

**EXAMINATION:**

The examination cell utilized The Tamil Nadu Dr. MGR Medical University, Chennai, Exam portal for managing university-related data, aligning with standard practices across all University-affiliated colleges. Necessary equipment such as desktops, internet facilities, printers, and scanners were provided for efficient operation.

**FINANCE AND ACCOUNTING:**

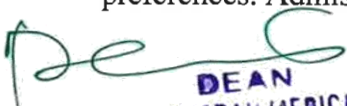

Financial records for both academic and administrative purposes were meticulously maintained using Tally software. E-governance tools facilitated the distribution of salary slips to staff and other payment information to students.

**LIBRARY:**

The Central Library provides excellent services, including books, journals, e-books, e-journals, magazines, and newspapers. It also offers proper seating and reading facilities, along with high-speed WiFi access for all students and faculty members.

**STUDENT ADMISSION AND SUPPORT:**

Admission procedures were offered both offline and online to accommodate student preferences. Admission forms were made readily available on the college website.

---

**ALUMNI RELATIONS:**

An alumni database was implemented for efficient communication and engagement. Social media platforms and email newsletters were utilized to connect with alumni, and virtual alumni events and webinars were organized for networking and professional development.

**COUNSELLING AND GUIDANCE SERVICES:**

Online counselling platforms were introduced for remote access to counselling services. Appointment scheduling systems were implemented for efficient counsellor-student interactions, and digital resources and self-help tools were provided for student mental health and well-being.

**RESEARCH AND DEVELOPMENT:**

An online research repository was established for storing and sharing research outputs. Collaborative research platforms were integrated for interdisciplinary research projects, and electronic grant management systems were adopted for streamlined research funding processes.

**IMPLEMENTATION OF E-GOVERNANCE**

**ANNUAL REPORT 2019-2020**

**20/7/2020**

In adherence to our E-Governance policy, we utilized software and tools to streamline data entry and record maintenance processes during the academic year 2019-20 across various operational domains.

**ADMINISTRATION:**

Our campus maintains comprehensive CCTV surveillance for activity monitoring and offers high-speed WiFi connectivity. The college website serves as an information hub, providing details about the institution, activities, notices, and courses offered. Hospital administration was managed using HMIS by TFC solutions and Pharmacy Management by SHOPAID software.

**FINANCE AND ACCOUNTING:**

Financial records for both academic and fiscal years were meticulously managed using Tally software. E-governance tools facilitated the dissemination of salary slips and other essential financial information to both staff and students.

**HARDWARE AND SOFTWARE INFRASTRUCTURE:**

Office infrastructure includes computers and printers, while multimedia devices like projectors are available in halls, classrooms, and laboratories. Enhanced CCTV surveillance ensures campus security. Adequate configuration servers are maintained for efficient data transmission. Office automation packages such as Open Office and MS Office, alongside antivirus software, are regularly updated and maintained.

**ICT TOOLS:**

All classrooms are equipped with ICT facilities, encouraging faculty members to utilize these tools for effective teaching and learning experiences.

**STUDENT ADMISSION AND SUPPORT:**

Student admission procedures are offered through both offline and online modes for convenience. Admission forms are accessible on our college website and through software provided by Sethuraman Solutions.

---

An electronic alumni database was implemented for efficient communication and networking. Social media and online platforms are used to engage alumni in college activities. Online alumni portals provide updates on events, job opportunities, and alumni achievements.

**RESEARCH AND DEVELOPMENT:**

Research publications and journals were digitized for easy access by faculty and students. Research management software was implemented for tracking projects, grants, and publications. Online collaboration platforms were established for interdisciplinary research and networking.

**IMPLEMENTATION OF E-GOVERNANCE**

**ANNUAL REPORT 2020-2021**

**08/05/2021**

Despite the challenges posed by the onset of the pandemic in 2020, SMMCHRI, E-Governance initiatives successfully navigated through this difficult period. This report outlines the institution's E-Governance activities for the financial year 2020-2021, which focused on facilitating the transition to online education while ensuring continued access to educational resources for students.

Hospital administration was through HMIS offered by TFC solutions and Pharmacy Management by SHOPAID software.

**E-GOVERNANCE:**

Virtual meeting platforms such as Microsoft Team, Google Meet and Google Classroom were extensively utilized by staff to conduct classes, seminars, online tests, assignments and exams.

**E-LEARNING MATERIALS:**

To support uninterrupted learning during the pandemic, the institution shared e-learning materials across multiple online platforms like Google classroom, WhatsApp groups. These materials were carefully crafted to be accessible to all students, facilitating the seamless dissemination of educational content. Students were provided access to teaching materials uploaded by subject teachers, including comprehensive video notes, allowing them to revisit learning materials at their convenience, anytime and anywhere.

**LIBRARY:**

Continuing our commitment to knowledge dissemination, the college enriches its e-learning resources for the benefit of both teachers and students.

**ONLINE TESTS AND ASSIGNMENTS:**

Chikkarayapuram, Near Mangadu, Chennai – 600069

---

The institution conducted online tests and assignments, enabling students to continue their learning and assessment remotely. Question papers were distributed via google forms, Microsoft Team, and students submitted their responses through the same portal. Evaluation of student submissions was carried out by staff after downloading the answer scripts from Microsoft Team.

**STUDENT ADMISSION AND SUPPORT:**

Admission procedures were offered through both offline and online modes, catering to the convenience of students. Admission forms are accessible on our college website and through Software offered by Sethuraman solutions.

**COUNSELLING AND GUIDANCE SERVICES:**

Establish virtual support groups and peer mentorship programs to supplement online counselling platforms. Collaborate with external mental health professionals to expand the range of services through online platforms. Implement feedback mechanisms to continuously improve the effectiveness and accessibility of online counselling services.

**IMPLEMENTATION OF E-GOVERNANCE**

**ANNUAL REPORT 2021-2022**

**10/05/2022**

As per the policy adopted for E-Governance, software and tools were utilized to streamline data entry and record maintenance for the academic year 2021-22 in the following areas of operations:

**ADMINISTRATION:**

Efficient administration is ensured through online tools for the storage and retrieval of staff and student databases, management of department workloads, timetable scheduling, and implementation of corrective measures when necessary. Hospital administration was facilitated using HMIS software offered by TFC Solutions and Pharmacy administration by SHOPAID software.

**FINANCE AND ACCOUNTS:** Transparency in financial operations is maintained through the adoption of Tally Software for the finance module, facilitating e-governance in the Finance and Accounts departments.

**E-LEARNING MATERIALS:** E-learning materials are disseminated through various platforms to facilitate continuous learning for students during the pandemic. This includes access to teaching study materials uploaded by subject teachers, as well as complete video notes for repeated learning opportunities at any time and from anywhere.

**ONLINE TESTS AND ASSIGNMENTS:** Online tests and assignments are conducted to enable remote learning and assessment for students. Question papers are uploaded, and students submit their responses. Evaluation is carried out by staff members after downloading the answer scripts from the Microsoft Teams platform.

**IMPLEMENTATION OF E-GOVERNANCE**

**ANNUAL REPORT 2022-2023**

**12/05/2023**

Consistent with our E-Governance policy, we effectively utilized software and tools to streamline data entry and record maintenance processes throughout the academic year 2022-2023 across various operational domains.

**ADMINISTRATION:** Software was employed to ensure efficient administration. This software facilitated the storage, retrieval, and management of staff and student databases, department workload, and timetables, enabling prompt corrective actions when necessary. Hospital administration was managed through HMIS offered by TFC Solutions and Pharmacy Management by SHOPAID software.

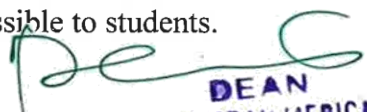

**FINANCE AND ACCOUNTS:** To promote transparency and accuracy in financial operations, we implemented Tally Software for the finance module for e-governance purposes. This initiative enhances financial understanding, improves transaction accuracy, and generates comprehensive books of accounts and reports, aiding in financial management and auditing processes.

**EXAMINATION:** Our examination cell, equipped with essential ICT infrastructure, ensured smooth examination processes. We utilized the Tamil Nadu Dr. MGR Medical University exam portal for university-related data management. All required equipment, including computers, internet access, printers, and scanners, were provided to facilitate seamless examination procedures.

**STUDENT SERVICES AND SUPPORT:** We provided students with convenient access to essential services and support:

SMS notifications were used to communicate overall attendance status and daily updates to parents.

Teaching materials uploaded by subject teachers were readily accessible to students.

---

Comprehensive timetables were made available to students for effective schedule management.

Fee payment was managed through software by Sethuraman Solutions.

**ALUMNI RELATIONS:** The College enhanced its alumni database, integrating advanced features for improved communication and engagement. Utilizing digital platforms, the college organized virtual alumni reunions, networking events, and mentorship programs to foster connections among alumni. The College used social media platforms to engage alumni, sharing updates, success stories, and event invitations to maintain active participation.

**COUNSELLING AND GUIDANCE SERVICES:** Robust online counselling platforms were implemented, providing students with remote access to counselling services and mental health support. Efficient appointment scheduling systems were deployed to streamline counsellor-student interactions, ensuring prompt and effective support. The college provided comprehensive digital resources and self-help tools to students, promoting mental well-being and resilience.

**RESEARCH AND DEVELOPMENT:** An online research repository was established, facilitating the storage, sharing, and dissemination of research outputs and publications. Collaborative research platforms were adopted to promote interdisciplinary research projects and facilitate collaboration among researchers.
